- _____ wine tasting event
- _____ community dinner
- _____ visiting author program
- _____ golf outing

Ferndale Education Foundation

Supporting excellence in education through innovative programs initiated by Ferndale Public Schools teachers & staff

A non profit organization that funds projects and activities designed to enhance learning for the children in our district

our mission

The Ferndale Education Foundation makes possible a wide range of unique learning opportunities for students in all Ferndale Public Schools. It does so through the generous support of people who share the Foundation's belief that every student must be challenged.

Ferndale Education Foundation grants enable our dedicated educators to inspire future generations. They provide equipment that enhances the learning experience, and they increase exposure to the arts, history and great literature. Grants also help students improve their scores on standardized tests.

The Foundation supports an ambitious after-school tutoring program to improve reading and math skills. This program underwrites the cost of initiatives designed to help students from different backgrounds better understand each other, with a goal of enhancing the educational experience for all our children, while preparing them for the responsibilities of leadership and citizenship.

The Ferndale Education Foundation: a dedicated group of volunteers who devote time and talent to ensuring the finest academic environment for all of Ferndale's students.
