Ferndale Public Schools
Mission Statement

Our mission is to provide all our students with quality, educational programs while promoting the values of diversity and responsible citizenship.

General Information

EQUAL EDUCATION OPPORTUNITY

In its educational programs and employment practices Ferndale Public Schools shall not discriminate on the basis of race, religion, gender, sexual orientation, national origin, marital status, ethnicity, age (except where appropriate in the educational setting), disability or physical condition (“protected categories”), as well as place of residence within district boundaries, or social or economic background.

Any person who believes the school or any staff person has discriminated against a student, has the right to file a complaint. Inquire at the Superintendent’s Office, 248/586-8652. The complaint will be investigated and a response, in writing, will be given to the concerned person in accordance with Board policies. Under no circumstances will the District threaten or retaliate against anyone who raises or files a complaint.

STUDENT RIGHTS & RESPONSIBILITIES

The rules and procedures of the school are designed to provide each student a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association, and to fair treatment, as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers’ directions and follow all school rules. Disciplinary procedures are designed to ensure due process (a fair hearing) before students are removed because of their behavior.

Parents have the right to know how their children are succeeding in school and will be provided information on a regular basis, and as needed, when concerns arise. If necessary, email or regular mail may be used to ensure contact. Parents are encouraged to build a two-way link with
their children’s teachers and support staff by informing the staff of suggestions or concerns that may help their children better accomplish their educational goals.

The staff expects students to arrive at school prepared to learn. It is each student’s responsibility to arrive on time and be prepared to participate in the educational program. If, for some reason, this is not possible, students should seek help from the Principal or Counselor.

**STUDENT WELL-BEING**

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. If students are aware of any dangerous situation or accident, they must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the school office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should submit a record of their needs, in writing and with proper documentation by a physician, to the school office.

**ENROLLING IN THE SCHOOL**

Students are required to be residents of the Ferndale Public School district, which includes parts of Ferndale, Oak Park, and Royal Oak Township, and all of Pleasant Ridge; unless admitted as a Schools of Choice student; or in extenuating circumstances, in an agreement between the Ferndale Superintendent and the Superintendent in the district of residence. Call the Pupil Services Office for detailed information about residency requirements or enrolling at 248/586-8686.

**TRANSFER OUT OF THE DISTRICT**

If a student plans to transfer from any Ferndale school, the parent must notify the Principal. A transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records may not be released if the transfer is not properly completed. Parents are encouraged to contact the Pupil Services Office at 248/586-8686 for specific details.
WITHDRAWAL FROM SCHOOL

Students under the age of eighteen (18) will not be allowed to withdraw from school without the written consent of their parents/guardians.

SPECIAL EDUCATION

Ferndale Public Schools provides a variety of special education programs for students identified as having a disability defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the school wants the parent to be an active participant. To inquire about the procedure or programs, parents/guardians should contact the Special Education Office at 248/586-8693.

AMERICANS WITH DISABILITIES ACT - SECTION 504

The American’s with Disabilities Act (A.D.A.) requires the school to ensure that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but also to anyone visiting the school.

Students with disabilities may be served within the regular education program with an accommodation plan developed by school staff. Parents/guardians who believe their child may have a disability that substantially limits the child’s ability to function properly in school, should contact the Special Education Office at 248/586-8693.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If a minor injury occurs, the student will be treated and may return to class. If medical attention is required, the office will follow the School’s emergency procedures.

A student who becomes ill during the school day should request permission from the teacher to go to the office. The office will determine whether or not the student should remain in school or go home.
No student will be released from school without proper parental permission. Prior to a student’s return from illness, the Principal may require a doctor’s confirmation.

IMMUNIZATIONS

Each student should have the immunizations required by law or have an authorized waiver. Students who do not have the necessary shots or waivers, may not attend class until they have received up-to-date immunizations and provide documentation to the district. This is for the safety of all students and in accordance with State law. Any questions about immunizations or waivers should be directed to the Pupil Services Office at 248/586-8686.

EMERGENCY MEDICAL AUTHORIZATION

The Board has established a policy that all students must have Emergency Medical Authorization Forms completed and signed by their parents/guardians in order to participate in any activity on or off school grounds. This includes field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The school will make the form available to parents/guardians at the time of enrollment.

USE OF MEDICATIONS

The Board of Education shall not be responsible for the diagnosis and treatment of student illness.

Staff members are to administer medication or treatment only in the presence of another adult, except in the case of an emergency that threatens the life or health of the student. All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment.

In those circumstances where students must take prescribed or over-the-counter medication during the school day, the following guidelines are to be observed:

A. The district Medication Request and Authorization Form, which requires a physician’s prescription and parent authorization, must be filed with the respective building Principal before students will be allowed to begin taking any medication during school hours. Medication must also be registered with the Principal’s office.
B. Only medication in its original container; labeled with the date, if a prescription; the student’s name; and exact dosage will be administered. Parents, or students authorized in writing by their physician and parents, may administer medication or treatment.

C. Medication that is brought to the office will be kept in a locked storage case in the school office. Medication must be conveyed to school directly by parents. Medication may not be sent to school in student lunch boxes, pockets, or other means on or about their person, except for emergency medications for allergies and/or reactions.

D. No student is allowed to provide or sell any type of over-the-counter medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Discipline Code/Code of Conduct.

E. The parents shall have sole responsibility to instruct their children to take the medication at the scheduled time, and children have the responsibility for both presenting themselves on time and for taking the prescribed medication.

F. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician’s written instructions and the parent’s written permission release.

G. Students who may require administration of an emergency medication may have such medication in accord with the Superintendent’s administrative guidelines. Students with a need for emergency medication may also be allowed to self possess and self-administer such medication, providing that they meet the same conditions established above. Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self possess and administer the medication if they meet the conditions stated above.

**Asthma Inhalers**

Students may possess and self-administer a metered dose or dry powder inhaler for relief of asthma, or before exercise to prevent onset of asthma symptoms, while at school, on school-sponsored transportation, or at any school-sponsored activity in accord with the Superintendent’s guidelines, if all of the following conditions are met:

A. There is written approval from the student’s physician or other health care provider and parent/guardian to possess and use the inhaler.
B. The building administrator has received a copy of the written approvals from the physician and the parent/guardian.

C. There is on file at the student’s school a written emergency care plan prepared by a licensed physician in collaboration with the student and his/her parent/legal guardian. The plan shall contain specific instructions on the student’s needs including what to do in the event of an emergency.

**Non-prescribed (Over-the-Counter) Medications**

Staff members are not permitted to dispense over-the-counter (OTC) medication to any student. OTC medication includes, but is not limited to, cough drops, painkillers, ointment, and allergy medication.

**STUDENT RECORDS**

Many student records are kept by teachers, counselors, and administrative staff. There are two basic kinds of records — directory information and confidential records.

**Directory information** can be given to any person or organization for non-profit-making purposes when requested, unless the parents/guardians of the student restrict the information, in writing, to the district. At the beginning of each school year, parents receive the *District Waiver and Release Form*, and are given an opportunity to grant or deny release of directory information. The following information is considered “directory” information and, unless parents deny release, may be published at any time during a school year: a student’s name; address; contact(s) telephone number and email address; date and place of birth; photograph; participation in officially recognized activities and sports; height and weight and grade level, if a member of an athletic team; dates of attendance; date of graduation; awards received; honor rolls; scholarships; and telephone numbers only for inclusion in school or PTA directories.

**Confidential records** contain educational and behavioral information that has restricted access based on the Family Education Rights and Privacy Act (FERPA) and Michigan law. Except in limited circumstances as specifically defined in State and Federal law, the Ferndale Schools are prohibited from releasing confidential educational records to any outside individual or organization without prior written consent of the parents, the adult student, or a surrogate, subject to limited exceptions.
Included in the confidential records may be test scores, psychological reports, behavioral data, disciplinary actions, and communications with the family and outside service providers. Confidential information that is in a student’s record that originates from an outside professional or agency may be released to the parent only with the permission of the originator. Such records shall be placed in a student’s file only with knowledge of the parent. Parents may obtain such records from the originator and should maintain them in a home file. Parents may also provide the school with copies of records made by non-school professional agencies or individuals.

Students and parents/guardians have the right to review all educational records generated by the School District, request amendment to these records, insert addendum to records, and obtain copies of such records. In accordance with Board Policy 5017, copying costs may be charged to the requestor. If a review of records is desired, please contact the school principal or counselor in writing, stating the records desired. The records will be collected and an appointment will be made within 45 days of the request with the appropriate persons present to answer any questions.

**STUDENT PARTICIPATION IN SURVEYS OR EVALUATIONS**

Student participation in surveys, analysis, or evaluations is required to remain consistent with the Protection of Pupil Rights Amendment (PPRA). Students will not be required, as part of a school program or curriculum, to submit to or participate in any survey, or evaluation without prior written consent of parents/guardians. Active consent forms are sent home by the school district prior to any survey or evaluation that reveals information regarding the following:

- Political affiliations or beliefs of the student or student’s parents/guardians
- Mental or psychological problems of the student or student’s family
- Sexual behavior or attitudes
- Illegal, anti-social, self-incriminating, or demeaning behavior
- Critical appraisals of other individuals with whom respondents have close family relationships
- Legally recognized relationships with lawyers, physicians, and clergy
• Religious practices, affiliations, or beliefs of the students or student’s family
• Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program)

Consistent with the PPRA and Board policy, the District will ensure parents may inspect any materials used for any survey, analysis, or evaluation.

Parents will be notified of approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

• Activities involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or for selling that information.
• Administration of any survey by a third party that contains one or more of the items described above. Please Note: Periodically the district participates in confidential surveys that ask for students’ opinions about the school environment, risky behaviors, and drug and alcohol use. These are conducted by a third party, and students’ identities are never shared with school district personnel. Active consent forms are distributed to parents; and access to survey questions will be made available at each school prior to administration to students.

The Family Policy Compliance Office in the US Department of Education administers both FERPA and PPRA. See the end of this handbook for full policies.

**STUDENT FEES, FINES, AND CHARGES**

The Ferndale Public School district charges specific fees for the following non-curricular activities and programs. Such fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property. The school and staff do not make a profit.

Fees may be waived in situations where there is financial hardship. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment. The fine will be used to pay for the damage, not to make a profit. Late fines can be avoided when students return borrowed materials promptly. Their use may be needed by others. Failure to pay fines, fees, or charges may result in a denial of privileges.
STUDENT FUND-RAISING

All school fundraisers must receive prior approval from the building Principal or designee. Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fundraisers.

- Students involved in the fundraiser are not to interfere with students participating in other activities in order to solicit funds.
- No student below 9th Grade may participate in fundraising activities off school property without proper supervision by approved staff or other adults.
- House-to-house fundraising by any student for any fundraising activity is NOT allowed.
- Any fundraisers that require students to exert themselves physically beyond their normal pattern of activity, such as “runs for …” will be monitored by a staff member in order to prevent students from overextending themselves to the point of potential harm.
- No student may participate in a fundraising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safekeeping and will not be liable for loss or damage to personal valuables.

REVIEW OF INSTRUCTIONAL MATERIALS AND ACTIVITIES

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the Principal prior to coming to the School. Parents’ rights to review teaching materials, and instructional activities are subject to reasonable restrictions and limits.
FOOD SERVICE

The school district participates in the National School Lunch Program and makes lunches available to students. A fee schedule will be given to each child prior to the beginning of the school year.

Students may also bring their own lunch to school to be eaten in the school’s cafeteria. Students are not allowed to leave school premises during the lunch period without specific written permission granted by the Principal.

Applications for the school’s Free and Reduced-Priced Meal program are distributed to all students. Students who do not receive an application and believe they are eligible, may contact the Pupil Services Office at 248/586-8686 or Food Services at 248/586-8703.

SCHOOL CLOSURES

All official emergency school closings will be announced on local television channels Fox 2, WDIV-4 and WXYZ-7, and radio stations WJR-760 AM, and WWJ-950 AM, on the district FACT phone at 248/586-8651. Notifications may also be sent via email or phone from the District’s various communications tools, including School Messenger.

Emergency closures may result from inclement weather, equipment failures, power outages, or other unforeseen circumstances. Updates will run on the local cable access educational channel, and on www.ferndaleschools.org. The district will make every effort to avoid cancelling school during the school day.

FIRE DRILLS & TORNADO WATCH/WARNING PROCEDURES

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures provided by the State. The alarm system for tornadoes is different from the alarm system for fires.

Ferndale Public Schools will remain in session during a tornado watch or warning. Whenever a tornado watch or
warning is issued, all students and staff will remain in the buildings. All after-school activities will be cancelled if a tornado watch or warning is in effect at the end of the normal school day.

If a warning occurs, everyone in the building at the time will take shelter in designated areas. Parents who are at the school when a warning is issued are urged to use caution and stay in the shelter area with their children.

The National Weather Service recommends that people in the path of a tornado should go to a basement or central interior room on the lowest floor possible; abandon cars and mobile homes for a reinforced building, a ditch, or culvert. In the case of a severe thunderstorm, stay in a reinforced shelter away from windows.

VISITORS

Visitors, particularly parents/guardians, are welcome at the school. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school and obtain a pass. Any visitor found in the building without a pass will be reported to the Principal. Anyone who wishes to confer with a member of the staff should call for an appointment prior to coming to the school to prevent any inconvenience.

Students may not bring visitors to school without first obtaining written permission from the Principal.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of the Principal to use any other school equipment or facility. Students will be held responsible for the proper use and safekeeping of any equipment or facility they are allowed to use.

INTERNET USE GUIDELINES

Students are encouraged to use the Board’s computers/network and Internet connection for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical, and legal manner. Unauthorized or inappropriate use, including any violation of these guidelines, may result in cancellation of the privilege, disciplinary action consistent
with the Student Handbook, and/or civil or criminal liability. Prior to accessing the Internet at school, students must read the Internet Use Guidelines and the Student Network & Internet Acceptable Use & Safety policies and sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors.

LOST AND FOUND

The lost and found area is designated in each school. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the close of the school year.

USE OF SCHOOL TELEPHONES

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

STUDENT SALES

No student is permitted to sell any item or service in school without the approval of the school Principal. Violation of this may lead to disciplinary action.

ADVERTISING OUTSIDE ACTIVITIES

No announcements or posting of non-school related activities will be permitted without the approval of the Superintendent. Schools will not distribute flyers without Superintendent approval, clearly marked.

VIDEO SURVEILLANCE

Common areas on school property may be under video surveillance.
Student Code of Conduct

STUDENT DISCIPLINE CODE

It is the school staff’s responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with a safe and orderly environment. Discipline is within the sound discretion of the School’s staff and administration. Due process ensures that disciplinary action is imposed only after review of the facts and/or special circumstances of the situation.

The Board of Education has adopted the following Student Discipline Code. The Code includes the types of misconduct that will subject a student to disciplinary action.

The Board has also adopted the list of behaviors and the terms contained in the list. Each of the behaviors described below may subject the student to disciplinary action including suspension and/or expulsion from school. Please refer to Board Policy 5610.01 for details on permanent expulsion.

It is important to remember that the school’s rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the Principal’s responsibility to maintain order. In all cases, the School shall attempt to make discipline prompt and equitable and to have the discipline match the severity of the incident.

1. Possession of a Firearm

All schools in the Ferndale Public School district are Weapons-Free Zones. No one, even those holding a concealed weapons permit, is allowed to carry a firearm on school property, unless permitted by State law or Board policy.
A weapon is defined as, but not limited to: firearm, pellet guns, air guns, bb guns, knife with a blade three or more inches in length, pocket knife opened by a mechanical device, dagger, dirk, stiletto, iron bar, artificial knuckle device, club type implements or other devices designed to or likely to inflict bodily harm. It may also include any toy that is presented as a real weapon. In accordance with State law, any student knowingly possessing a weapon or dangerous object on school property, in a school bus or district-sponsored event may be permanently expelled from school subject to possible reinstatement. Criminal charges may be filed for this violation. The student may be referred to the juvenile delinquency system and the appropriate county Department of Protective Services or community mental health agency. The student may be suspended pending final determination of expulsion.

It makes no difference whether or not the weapon or dangerous object belongs to someone else unless the student can provide convincing evidence that the weapon or dangerous object was placed in their possession without their knowledge. If it can be confirmed that a weapon or dangerous object found on District property was brought by a student other than the one who was in possession, that student shall also be subject to the same disciplinary action.

Any other weapon or dangerous object possessed on school property or at a district sponsored event, which does not fall within the legal definition of a weapon or dangerous object, but where the possession of the same is known and use of same could inflict injury or physical harm, will result in disciplinary suspension of appropriate duration and possible expulsion.

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with Board policy 2461 and Federal due process rights appropriate to students with disabilities. A student who has been expelled under this policy may apply for reinstatement in accordance with guidelines that are available in each Principal’s office.

3. **Use of an Object as a Weapon**

   A. Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes, but is not limited to, padlocks, pens, pencils, laser pointers, jewelry, and so on. Intentional injury to another can be a felony and/or a cause for civil
action. This violation will result in disciplinary suspension of appropriate duration and possible expulsion.

B. Any object possessed on school property or at a district or school sponsored event, which does not fall within the legal definition of a dangerous weapon, but where the possession of same is known and is used in a threatening manner where could inflict injury or physical harm, will result in disciplinary suspension of appropriate duration and possible expulsion.

4. Knowledge of a Firearm, Weapon, Dangerous Object or Threats of Violence

The Board believes that students, staff members, and visitors are entitled to function in a safe school environment. Students are required to report knowledge of firearms, weapons or dangerous objects or threats of violence to an administrator. Failure to report such knowledge may subject the student to discipline. This violation may result in disciplinary suspension of appropriate duration and possible expulsion.

5. Purposely Setting a Fire: Arson

Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony and will subject the student to expulsion.

In accordance with State Law, any student who commits arson in a school building or on school grounds shall be permanently expelled from school, subject to possible reinstatement. The student may also be referred to the criminal justice or juvenile delinquency system and the appropriate county Department of Protective Services or community mental health agency. The student may be suspended pending final determination of expulsion.

6. Criminal Sexual Conduct

In accordance with State Law, any student who commits an act which constitutes criminal sexual conduct upon someone in a school building or on school grounds shall be permanently expelled from school, subject to possible reinstatement. The student may also be referred to the criminal justice or juvenile delinquency system and the appropriate county Department of Protective Services or community
health agency. The student may be suspended pending final determination of expulsion.

7. Human Dignity Policy

The Board of Education, recognizing that we are a multiracial, multi-ethnic school district, believes it is a part of our mission to provide a positive, harmonious environment in which respect for the diverse make up of our school community is promoted. A major aim of education in the Ferndale School District is the development of a reasoned commitment to the core values of a democratic society. In accordance with this aim, the school district will not tolerate behavior by students or staff that insults, degrades, or stereotypes any race, gender, handicap, physical condition, sexual orientation, marital status, ethnic group or religion. Prohibited activities include, but are not limited to:

- Spoken or written racial or ethnic slurs.
- Racial, ethnic or religious intimidation.
- Authorship, publication, and circulation of other unauthorized material.
- Possession or distribution of pornographic or obscene material.

REPORING INCIDENTS OF HARASSMENT

Students who believe they are the victim of any of the above actions or have observed such actions taken by another student, staff member, or other person associated with the District, should make contact with a staff member, counselor, and/or an administrator selected by each building Principal with whom the students would most likely be comfortable in discussing a matter of this kind.

Students may make contact either by a written report by telephone or personal visit. During this contact, reporting students should provide the name of the person(s) whom they believe to be responsible for the harassment and the nature of the harassing incident(s). A written summary of each incident reported will be prepared promptly and a copy forwarded to the Principal.

Each report shall be investigated in a timely and confidential manner. While a charge is under investigation, no information will be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. No one involved is to discuss the subject outside of the investigation.

If the investigation reveals that the complaint is valid, then appropriate remedial and/or disciplinary action will be taken promptly to prevent the continuance of the harassment or its recurrence.

Given the nature of harassing behavior, the school recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment allegations or charges.

Some forms of sexual harassment of a student by another student may be considered a form of child abuse that will require the student-abuser be reported to proper authorities.
Hazing by any school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be.

Under no circumstances will the school threaten or retaliate against anyone who raises or files an harassment complaint.

Students will be taken to a private administrative or instructional area on school property with at least one other member of the teaching or administrative staff present as a witness to the test.

The purpose of the test is to determine whether or not students have consumed an alcoholic beverage. The amount of consumption is not relevant, except where a student may need medical attention.

If students refuse to take the test, they will be advised that such denial will be considered an admission of alcohol use with the consequent discipline invoked. Students will then be given a second opportunity to take the test.

Students who are riding to and from school on transportation provided by the school are required to follow some basic safety rules. This applies to school-owned buses as well as any contracted transportation that may be provided.

The driver is responsible for student safety and may assign seating or direct the student in any reasonable manner to maintain that safety.
Violation of Bus Rules Continued

The following behaviors are expected of all students:

Prior to loading (on the road and at school) each student must:

- Be on time at the designated loading zone (5 minutes prior to scheduled stop)
- Stay off the road at all times while walking to and waiting for the bus
- Line up single file off the roadway to enter
- Wait until the bus is completely stopped before moving forward to enter
- Refrain from crossing the street until the bus driver signals it is safe
- Go immediately to a seat and be seated

It is the parents’/guardians’ responsibility to inform the bus driver when their child will not be boarding the bus. The bus will not wait.

During the bus trip each student must:

- Remain seated while the bus is in motion
- Keep head, hands, arms, and legs inside the bus at all times
- Not litter in the bus or throw anything from the bus
- Keep books, packages, coats, and all other objects out of the aisle

Unless drivers have authorization from school officials, they will not discharge students at places other than their regular stop or at school.

Penalties for Infractions

A student who becomes a behavior problem on the bus will be suspended for a period of appropriate duration and may be deprived of the privilege of riding on the bus.

Unsafe driving on school property or at school sponsored activities is prohibited.

Unauthorized parking on school property or at school sponsored activities is prohibited.
Student Discipline

DISCIPLINE

It is important to remember that the school’s rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the Principal’s responsibility to maintain order. In all cases, the School shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

DISCIPLINE OF STUDENTS WITH DISABILITIES

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.) or Section 504 of the Rehabilitation Act of 1973.

DUE PROCESS RIGHTS

Before a student may be suspended or expelled from school, there are specific procedures that must be followed. Two types of discipline are possible, informal and formal.

Informal Discipline

Informal discipline takes place within the school. It may include:

• No Recess
• Change of Seating or Location
• In-School Suspension
• Detention

Students may be detained after school or asked to come to school early by an administrator or teacher, after giving students and their parents one day’s notice. Students or their parents are responsible for transportation. Other detentions may be issued at lunchtime or recess.

Formal Discipline

Formal discipline removes the student from school. It includes emergency removal for up to 72 hours, suspension for up to ten school days, and expulsion from school. Suspensions and expulsions may carry over into the next school year. Removal for less than one school day without the possibility of suspension or expulsion may not be appealed. Suspension and expulsion can be appealed.

Students being considered for suspension are entitled to an informal hearing with the building administrator prior to removal, at which time the student will be notified of the charges against him/her and given an opportunity to make a defense.

When a student is being considered for long-term suspension or expulsion, a formal hearing is scheduled with the Superintendent and the parents will be given written notice of the hearing and will be expected to attend.

Students involved in co-curricular and extracurricular activities such as marching band and athletics can lose their eligibility for violation of the School rules.

Students who commit crimes while at school or a school-related event may be subject to school disciplinary action as well as to action by the community’s legal system. These are separate jurisdictions and do not constitute double jeopardy (being tried twice for the same crime).

**SHORT-TERM SUSPENSION FROM SCHOOL**

When students are being considered for a suspension of ten days or less, the administrator in charge will notify them of the charges. Students will then be given an opportunity to explain their side and the administrator will then provide the student the evidence supporting the charges. After that informal hearing, the Principal will make a decision whether or not to suspend. If students are suspended, they and their parents/guardians will be notified, in writing within one day, of the reason for and the length of the suspension. The suspension may be appealed to the Superintendent. The request for an appeal must be in writing within two days of the parents/guardians’ receipt of the decision.
During the appeal process, the student will not be allowed to remain in school. The appeal shall be conducted in a private meeting and the student may be represented. Sworn, recorded testimony shall be given. Students who are suspended may make up work missed while on suspension.

Any learning that cannot be made up such as labs, field trips, skill-practices, or any learning that the student chooses not to make up may be reflected in the grades earned.

A student being considered for suspension of more than ten (10) days will be given due process as described in the expulsion section below.

**LONG-TERM SUSPENSION OR EXPULSION FROM SCHOOL**

When a student is being considered for long-term suspension (more than ten days) or expulsion, the student will receive a formal letter of notification addressed to the parents/guardians that will contain:

- The charge and related evidence
- The time and place of the hearing
- A brief description of the hearing procedure
- A statement that the student may bring parents, guardians, and counsel
- A statement that the student may give testimony, present evidence, and provide a defense
- A statement that the student may request attendance of school personnel who were party to the action or accused the student of the infraction

Students being considered for long-term suspension or expulsion will be removed from school immediately. A formal hearing is scheduled with the Superintendent during which the student may be represented by his/her parents/guardians, legal counsel, and/or by a person of his/her choice.

Within three days after notification of long-term suspension or expulsion, the long-term suspension or expulsion may be appealed, in writing, to the Board of Education. The appeal will also be formal in nature with sworn testimony before official(s) designated by the Board of Education. The appeal will be heard in an open session unless the student or the student’s parent or guardian requests a closed session. Again, the right to representation is available. All opportunity to earn grades or credit ends when a student is expelled.
The Ferndale Public School district makes a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If a disciplinary action does not result in removal from school, it cannot be appealed. Should a student or parent have questions regarding the propriety of an in-school disciplinary action, they should contact the Principal.

SEARCH AND SEIZURE

Search of students and their possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the health and safety of others. All searches may be conducted with or without a student’s consent.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules.

Locks are to prevent theft, not to prevent searches. If student lockers require student-provided locks, each student must provide the lock’s combination or key to the Principal upon request.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items that have been confiscated. In the course of any search, students’ privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in classrooms, labs and offices of the District are the District’s property and are to be used by students, where appropriate, solely for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District’s computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.
Review of such information may be done by the District with or without the student’s knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student’s refusal to permit such access may be grounds for disciplinary action.

CRIMINAL ACTS

Any student engaging in criminal acts at or related to the school will be reported to law enforcement officials as well as disciplined by the school. It is not considered double jeopardy (being tried twice for the same crime), when school rules and the law are violated.

Students should be aware that state law requires that school officials, teachers and appropriate law enforcement officials be notified when a student of this District is involved in crimes related to physical violence, gang-related acts, illegal possession of a controlled substance, analogue or other intoxicants, trespassing, property crimes, including, but not limited to, theft and vandalism, occurring in the school as well as in the community.
Student Rights of Expression

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

K. Material cannot be displayed if it:

L. Is obscene, libelous, indecent, or vulgar, promotes activities involving alcohol, tobacco, or illegal substances

M. Advertises any product or service not permitted to minors by law

N. Intends to be insulting or harassing, intends to incite fighting, or presents a likelihood of disrupting school or a school event

O. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the Principal 24 hours prior to display.
Attendance

SCHOOL ATTENDANCE POLICY

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Important learning results from active participation in classroom and other school activities that cannot be replaced by individual study.

The school is also concerned about helping students develop a high quality work ethic that will be a significant factor in their success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is dependability in coming to work every day and on time. This is a habit the School wants to help students develop as early as possible in their school careers.

These guidelines provide that a student’s grade in any course is based on his/her performance in the instructional setting and is not reduced for reasons of conduct. If a student violates the attendance or other rules of the school, s/he should be disciplined appropriately for then misconduct, but his/her grades should be based upon what the student can demonstrate s/he has learned.

TRUANCY

Unexcused absence from school (truancy) is not acceptable. Students who are truant will be expected to make up all schoolwork missed in order to receive credit. After ten days of truancy in any grading period, a student will be considered a “habitual truant.” The disciplining of truant students shall be in accord with Board policies and due process, as defined in Policy 5611 and the Student Code of Conduct and the school attendance policy, which can result in:

• Loss of participation in school activities and events
• A petition may be filed for a hearing before a judge in a court of law if the student is under 16
• A report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child
EXCUSED ABSENCES

Students may be excused from school for one of the following reasons and will be provided an opportunity to make up missed schoolwork and/or tests:

- Personal Illness
- Family Emergency
- Recovery from an Accident
- Required Court Appearances
- Medical Appointments only available during school hours
- Death in the Immediate Family
- School-Related Activities, including College Visits
- Observation or Celebration of a Religious Holiday
- Absences approved by the Superintendent or Principal for good cause

Students with a health condition that causes repeated absence are to provide the school office with an explanation of the condition from a registered physician.

Each student absence shall be explained by a phone call from the parent or guardian and/or in writing and signed by the student’s parents. The excuse shall be provided to the appropriate office within 48 hours of the student’s absence. If the absence can be foreseen and the “good cause” is approved by the Principal, the parent should arrange to discuss the matter as many days as possible before the absence will occur, so that arrangements can be made to assist the student in making up the missed school work.

Students who are excusably absent for more than ten days in a grading period, regardless of the reasons, will be considered “frequently absent.” If there is a pattern of frequent absence for “illness,” the parents will be required to provide a statement from a physician describing the health condition that is causing the frequent illness and the treatment that is being provided to rectify the condition. Without such a statement, the student’s permanent attendance record will indicate “frequent unexplained illness.”
During the next grading period, “frequently-absent” students will be placed on “attendance watch” to monitor whether or not the pattern continues. If it continues, students may be denied opportunities to participate in non-curricular school activities and events, and notations will be made on their transcripts concerning frequent absence from school. Such a report may be provided to postsecondary institutions and/or possible employers.

UNEXCUSED ABSENCES

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and parents will be subject to the truancy laws of the State.

If students under the age of 16 are truant for more than ten consecutive or fifteen total days of truancy during a semester, they will be considered “habitual” truants and will be reported to the proper authorities.

NOTIFICATION OF ABSENCE

If students are going to be absent, parents/guardians must contact the school within 48 hours of the absence and provide an explanation.

If prior contact is not possible, the parents should provide a written excuse or phone call as soon as possible. When no excuse is provided, the absence will be unexcused and the student will be considered truant. If the absence of a student appears to be questionable or excessive, the school staff will try to help parents improve their child's attendance.

The skipping of classes or any part of the school day will result in students not being permitted to make up classwork. Disciplinary action will follow.

TARDINESS

Students are expected to be in their assigned locations throughout the school day. If students are more than five minutes late arriving at school, they are to report to the Office before proceeding to their first assigned location. Any student who is late to any class up to five minutes will be
disciplined by the teacher. Students who attend any part of any class shall be recorded as present.

**STUDENTS LEAVING SCHOOL DURING THE SCHOOL DAY**

No staff member shall permit or cause any student to leave school prior to the regular hour of dismissal except with the knowledge and approval of the principal and with the knowledge and approval of the student’s parents.

No student will be released to any government agency without proper warrant or written parental permission except in the event of an emergency as determined by principal.

**EARLY DISMISSAL**

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent or guardian whose signature is on file in the school office, or the parent coming to the school office to request the release. Phone requests for early release must be received by one hour before the regular dismissal time. No student will be released to a person other than a custodial parent/guardian without a permission note signed by the custodial parent(s) or guardian. The person picking up the student must report to the school office to sign the student out. Likewise, when returning to school in the middle of the school day, the student must be signed in at the office.

**SUSPENSION FROM SCHOOL**

Absence from school due to suspension shall be considered an authorized absence, neither excused nor unexcused.

A suspended student will be responsible for making up schoolwork lost due to suspension. It is recommended that a student complete missed assignments during the suspension and turn them in to the teacher upon returning to school. Assignments may be obtained from the teacher beginning with the first day of a suspension. Make up of missed tests may be scheduled when the student returns to school.

The student will be given credit for properly completed assignments and a grade on any made-up tests.
VACATIONS DURING THE SCHOOL YEAR

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the Principal and the student’s teacher(s) ahead of time to make necessary arrangements. It may be possible for the student to receive certain assignments that are to be completed during the trip.

- The District will only approve a student’s absence for a vacation when s/he will be in the company of his/her own parent/guardian or other family relatives but not other students’ parents, unless there are extenuating circumstances deemed appropriate by the principal. If a student is absent for any other type of vacation, s/he will be considered unexcusably absent from school and subject to truancy regulations.

- The student shall be given appropriate assignments and materials for completion.

- The time missed will be counted as an authorized, excused absence and shall not be a factor in determining grades unless make-up work is not completed.

MAKING UP TESTS AND OTHER SCHOOL WORK

Students who are absent from school or who have been suspended shall be given the opportunity to make up work that has been missed. The student should contact the Principal’s Office or the teacher as soon as possible to obtain assignments. A student may make-up units of study with a properly certificated teacher if prior approval has been granted by the principal.

- Make up work due to suspension must be completed and presented to the teacher within 48 hours of his/her return to school. Tests missed during the period of suspension may be made up by the students by contacting the teacher on the day of his/her return to school. The teacher, at his/her convenience, may administer the test or assign alternate written work in lieu of the test missed.

- Make up work due to excused absence must be completed within twice the number of days absent after returning to school.
If students miss a teacher’s test due to excused absence, they may make arrangements with the teacher to take the test. If they miss a MEAP Test or other standardized test, students should consult with the Principal to arrange to take the test.

Homework

Because education is a lifelong process, it is important that students recognize that learning extends beyond the school and is part of home and community life. Homework is one means of teaching the necessary skills of independent study and learning outside the school and of reinforcing the home-school-community partnership that is basic to student achievement. The Ferndale Public Schools define homework to include not only written assignments, but also such related activities as viewing specific television programs, reporting on news events, and recreational reading. Homework can be any one of a number of activities that are connected to classroom work, but are assigned to be done at home.

Reasons for homework are to:

- Complete assignments started in class
- Expand and/or enrich regular classwork
- Build interest in reading and learning
- Make up work missed due to absence
- Encourage parents’ awareness of student learning
- Provide an opportunity to pursue special interests or ability areas
- Increase learning time
- Establish independent study skills
School-Sponsored
Clubs & Activities

Students can broaden their learning through curricular-related, and extra-curricular activities.

Extracurricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities including recreational sports and drama.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements.

If the school decides not to amend the record as requested, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to
the parent or eligible student when notified of the right to a hearing.
